7.1.5 - Green campus initiatives include (relevant information)

1. Restricted entry of automobiles.
2. Use of bicycles/ Battery- powered vehicles
3. Pedestrian-friendly pathways
4. Bans on use of plastic
5. Landscaping

In our college maximum number of students coming from nearby villages uses public transport due to long distance. Also most of the students belong to economically weaker section prefer public transport as mode of transport for coming to and going back home. Students staying in near by areas reaches college by using bicycles. Special rally is also undertaken by the college to promote more and more use of cycles in to order to reduce pollution. The college issues bonafide certificates to students to get passes easily. Faculty staying far away from the college makes use of public transport such as PMT buses, and local trains to reach the college.

As the college comes under rural area and the industry set up nearby college, the loading and unloading goods making the vehicles to park on the roads, resulting into unfriendly pedestrian roads.

Several initiatives are taken in college to keep the campus clean and plastic free. Cleaning of campus by the NSS students before Independence day, Republic day, Mahatma Gandhi Jayanti is special measure taken in the college. Our Principal and IQAC takes up various measures to promote Environment awareness in the minds of students through poster exhibition, River Cleaning, Tree plantation etc. Poster on avoid plastics by the students helps in creating awareness of plastic free campus as it is non-degradable. Plastic tea cups and carry bags have been fully banned even in the canteen.

To save the paper the office staff, faculty use of various apps like whatsapp, emails to send information, uploading of notices on website, filling of online exam form by the students. We receive online circulars, notices from the university and respond online to the same.

College strives hard to maintain greenery in the college despite having small space. Initiative like one students one medicinal plant was run in the college. Through this drive information about the medicinal plant and its uses in curing the diseases was provided.
